

2009 Road America Pit Vehicle Registration and Agreement

As part of our insurance requirements for 2009, Road America requires that all pit and other unlicensed or off-road vehicles used for Race Support maintain a valid Road America sticker displayed on the vehicle and a registration agreement on file with the Road America office and security. Licensed scooters will require a "paddock access pass" on public race weekends to be used in the paddock. These passes can be obtained from registration by showing proof of current year registration on the licensed vehicle.

In consideration for being permitted to utilize and operate a motorized pit vehicle on the Road America premises at any 2009 season event or activity, the vehicle owner and/or competition entrant:

1. Acknowledges and agrees that the vehicle shall be operated in compliance with the vehicle manufacturer's operating instructions and/or industry standards including those regarding riding/driving position and number of passengers.
2. Hereby assumes full responsibility for and assumes the risk of bodily injury, death, or property damage arising out of or related to the use of said vehicles whether caused by the negligence of owner and/or their operators, Road America, other pit vehicle operators or otherwise.
3. Acknowledges and agrees that all operators of said vehicles shall be at least 16 years old, have a valid state required driving license, and carry a minimum of one million dollars general liability insurance applicable to the operation of their pit vehicles and that all operators shall provide such license, proof of insurance, and other applicable credentials upon request of Road America or an event official.
4. Hereby acknowledges that the use of motorized pit vehicles is dangerous and involves the risk of serious injury and/or death and/or property damage.
5. Agrees that the pit vehicle will be operated in a responsible manner and according to all additional Road America regulations and instructions, including but not limited to posted speed limits, designated roads and hours of and allowed locations for operations.
6. Acknowledges and agrees that pit vehicles are not allowed on the competition track surface, motorplex surface or hot pit lane at any time.
7. Acknowledges and agrees that pit vehicle operation/usage is for competitors and vendors only. Spectators are not allowed to operate pit vehicles at any time for any reason.
8. Acknowledges and agrees that unsafe or improper operation of the pit vehicles and/or any violation of regulations and instructions may, at the sole discretion of Road America, result in penalties against the owner and/or operators including but not limited to immediate impoundment of the pit vehicle, removal from premises, loss of racing privileges for the event for a first offense, and for the season for the second offense.

Annual Pit Vehicle Fee is \$25.00
