

MILWAUKEE REGION SCCA

Test & Tune 2004

Date: Saturday, June 5th, 2003
Time: 9:00 a.m. – 4:00 p.m.
Pre-Registration Fee: \$50
Entry limit: 30 drivers

Reserved for MKE Region SCCA Members ONLY until May 25th, 2004.
Non-MKE Region members may register after May 25th.

Note: Drivers must be 18 years of age with a valid drivers license and have at least one year of autocross experience.

This event will be mainly for test and tuning your car, however, we will have instructors available to help with driving input. We will have separate skid-pad and slalom sections. These will be used to tune your car's steady state and transitional characteristics in a scientific manner so that you can optimally tune them. We will also have a short course available at the same time (approximately 30-35 seconds) since smaller courses are optimal for testing.

All entrants will get an information packet on some basics to car tuning. It will address shocks, sway bars, and tires as well as the mechanics of the skid-pad and slalom, and how to use the time data from those parts to tune the car. Every car is unique. That is why we test them. One setup on one car does not necessarily translate to another car. The key to successful car tuning is writing down what the car does under what situations and what setups. We'll run rain or shine.

For info, contact Event Chair Denise Cashmore at dcashmore@wi.rr.com or 262-784-9670.

Receipt of payment will confirm registration. Checks should be made out to Milwaukee Region SCCA.

Mail you payment & completed registration to:
